the ultimate stretch strap

The Toughest Stretch Leashes on the Planet!

STRETCH 

ROK DOG stretch leashes use the same solid rubber core and 100% polyester as ROK™ Tie-Down Straps. This unique leash has 2 padded handles, one for control and one near the neck to short leash your dog, aid in heeling, etc. The new incorporated D-Ring adds strength and is a great place to hook a poop bag holder, car keys, etc. The center of the leash stretches approx. 30% and absorbs the pulling action of the dog and in turn saves your back and shoulder. Great NEW colors make this leash different than the everyday big box inventory, offering you a great quality leash with prime features and at an excellent price point. Available in 3 sizes for Small, Medium and Large dogs up to 120lbs. Total Length: 54"

Black
Blue
Green
Red
