PRESS RELEASE

ROK™ DOG Stretch Leashes

PU-Products, LLC is proud to distribute the perfect dog leash, ROK™ DOG! Based on our experience with the versatile stretch ROK™ Strap, this leash is a great improvement over existing leashes on the market today.

ROK™ DOG Leash features a chew resistant polyester braided cover with a solid rubber core interior throughout. This allows for comfortable dog walking and the ability to safely and securely contain or 'short leash' your dog if an emergency situation arises. The handle and traffic lead is covered with *non-stretch* tight knit polyester braiding that is durable, strong and UV resistant. The body of the leash is covered in *stretch* polyester braiding and the interior contains a patented *stretch* solid rubber core that absorbs any jolt between the walker and the dog. This unique stretch cord signals the dog to stop and becomes a great training tool while the walker's shoulder and arm from the jolt.

The leash takes the shock not you!

feature,
saving

There are 3 sizes available, small, medium and large. The small leash is for dogs up to 40lbs, the medium leash for 40-80lbs and the large leash is for 80 plus lbs. These leashes have a rated breaking strain of 125, 165 & 200lbs respectively, making them the toughest dog leashes on the market today. Leashes are available in attractive colors for the modern dog!

Available on-line and in specialty pet shops only. Please contact PU-Products, LLC at 619-334-1913, email at: pu-products@cox.net or visit the ROK DOG website at
